

High-performance drying aid for the extra shine effect with all water qualities

In addition to outstanding drying, the Gloss Dryer Perlution provides a perfect paint finish and ensures an enhanced deep gloss of the paint color. It ensures optimized drying, fast water break-up and perfect run-off of the water beads on glass. The integrated high-performance polymers form a particularly strong bond with the paint surface and thus promote the optimum, paint-protecting effect. They also provide an extreme gloss effect. As a result, gloss and smoothness are significantly increased and the coating regains its original appearance – and that with all water qualities.

Application / Dosage

only approx. 8 – 15 ml consumption.

Max. Exposure time

According to VDA-guideline: max. 5 minutes.

Do not allow the product to dry!

Available container types

Can, 25 l
Art-Nr.: 665112

Bag-in-Box, 20 l
Art-Nr.: 665142

EasyPack, 4 x 5 l
Art-Nr.: 665120

Product properties

- high gloss effect with all water hardnesses
- excellent drying result
- only 8-15 ml needed per vehicle
- pleasant characteristic scent
- perfect flow of water beads on glass
- paint protecting effect

Technical data

- pH value: 4,2
- Density: 0,95
- Colour: clear, blue
- Scent: characteristic
- Frost resistance: + 4 °C
