pH-neutral foam concentrate with a particularly intense fresh scent of tangerine iced tea and also with the PRIMETEC-effect

This strong foaming fragrance foam concentrate permeates your entire car wash with an intense fresh scent of tangerine iced tea. Due to its strong foam development, significantly better cleaning results are achieved, as the contact time is extended by the extremely stable foam bubbles. **New, with PRIMETEC-effect:** Products with the PRIMETEC effect produce a layered build-up of the care components. This ensures a dense surface seal with a strong repair effect and a revolutionary deep gloss. The smallest unevennesses are already evened out in the washing process, which reduces the cleaning effort for subsequent washes.
