PP300 – Scent Foam PowerPlus “Naranja”

Web: https://www.dr-stoecker.de/en/products/car-wash-chemicals-products/foram-cleaners/scent-foam-powerplus-naranja-pp300/

pH-neutral foam concentrate with a particularly intense orange fragrance and PRIMETEC-effect

With this strong foaming fragrance foam concentrate from Dr.Stöcker you flood your car wash with the wonderfully intense scent of the Spanish Naranja orange. Its strong foam development with very stable foam bubbles extend the exposure time and thus ensure significantly better cleaning results.Its dense foam pattern also makes it suitable for use in foam walls and foam lances. W**ith PRIMETEC-effect**: Products with the PRIMETEC effect produce a layered build-up of the care components. This ensures a dense surface seal with a strong repair effect and a revolutionary deep gloss. The smallest unevennesses are already evened out in the washing process, which reduces the cleaning effort for subsequent washes.

Application / Dosage

Dosage in washing systems: Foam sheet 5 – 10 ml, foam wall 12 – 20 ml

SB

In pre-spray lances: 1 to 3%. Can be applied via High pressure lance, foam brush or foam lance. The use of special foam nozzles/lances is recommended.

Max. Exposure time

Acording to VDA-guideline: max. 5 minutes.

Do not allow the product to dry!

Available container types

EasyPack, 4 x 5 l
Art-Nr.: 651720

Can, 25 l
Art-Nr.: 651712
