

A200 – Active Pre-Cleaner ALPHA

Web: <https://www.dr-stoecker.de/en/products/car-wash-chemicals-products/pr-wash-agents/a200-active-pre-cleaner-alpha/>

Strong alkaline pre-cleaner with excellent foam formation and a pleasant lavender fragrance from the high-end ALPHA car wash chemistry series

Discover the A200 ALPHA active pre-cleaner from Dr.Stöcker – your ultimate solution for thorough vehicle cleaning. With its strong alkaline formula, excellent foam formation and refreshing lavender fragrance, it reliably removes all summer and winter soiling. Thanks to the integrated ALPHA technology, the basis for a perfect wash result is already laid during pre-cleaning.

Application / Dosage

Dosage in the pre-spray arc 1 – 2 %, in the pre-spray lance for insect removal 3 – 6 %, for problem soiling such as tree resin or dried bird droppings 6 – 8 %. Dosage for manual rim cleaning: Dilute concentrate 1:4 – 1:7 (chemical: water). Spray on rims, allow cleaner to act, clean rims and rinse with water. Mechanical rim cleaning: 5 – 10 %.
