

A201 – Active Pre-Cleaner Less Foam

Web: <https://www.dr-stoecker.de/en/products/car-wash-chemicals-products/pr-wash-agents/a201-active-pre-cleaner-alpha-less-foam/>

Strong alkaline, low-foaming pre-cleaner from the high-end ALPHA wash chemistry series.

Discover the A201 ALPHA active pre-cleaner from Dr.Stöcker – the efficient solution for a thorough and gentle vehicle pre-wash. The powerful, highly alkaline formula reliably removes typical soiling from the summer and winter months. The A201 impresses with its low-foaming application, which is ideal for use in automated car washes. Thanks to the innovative ALPHA technology, the vehicle is already optimally prepared for the subsequent washing process during pre-cleaning – for a convincing cleaning result, completely without fragrances.

Application / Dosage

Dosage in the pre-spray arch 1 – 2 %, in the pre-spray lance for insect removal 3 – 6 %, for problem soiling such as tree resin or dried bird droppings 6 – 8 %. Dosage for manual wheel cleaning: Dilute concentrate 1:4 – 1:7 (chemical: water). Spray on rims, allow cleaner to take effect, clean rims and rinse with water. Machine rim cleaning: 5 – 10 %

Available container types

Can, 25 l
Art-Nr.:
68100039012

Product properties

Technical data

- pH value: 13,5
- Density: 1,17
- Colour: colourless-light yellow
- Scent: characteristic
- Frost resistance: + 4 °C
