

**Strong-alkaline, especially powerful professional concentrate with fruity scent for pre-cleaning**

Fast and thorough professional cleaner. Removes even stubborn contaminants such as statically adhering dirt films, road salt and de-icing residues, tree sap, bird droppings and dried-on insect residues. Ideally suited for pre-spray arches, spray lances and high-pressure cleaning equipment. The added water softener helps protect equipment against limescale deposits.

Application / Dosage

Consumption 20 to 50 ml concentrate. In the pre-spray arch 1 to 2 %, in the pre-spray lance for insect removal 2 to 3 %, for problem soiling such as tree resin or bird droppings 3 to 5 %.

In pre-spray lances: 3 to 5%. Dilute 1:3 to 1:6 (chemical:water) as a rim cleaner. Spray on the rims, allow the cleaner to take effect and rinse off with water.

Available container types

Can, 25 l
Art-Nr.: 652912

Product properties

- only approx. 20-50 ml consumption per vehicle
- pleasant fruity fragrance
- fast and thorough professional cleaner
- for stubborn contamination
- ideal for pre-spray arches or lances & high-pressure equipment
- with water softener to help prevent limescale deposits

**Technical data**

- pH value: 13,5
- Density: 1,1
- Colour: light, clear
- Scent: fruity
- Frost resistance: + 4 °C
