

Long-lasting surface preservation with repair effect and integrated, highly effective drying performance

This unique preservative provides an extremely smooth and long-lasting surface finish with a repair effect. At the same time, it produces a pleasant scent of beeswax and provides excellent drying performance. Micro scratches on paint surfaces are successfully smoothed by the integrated polymer structure. This significantly increases gloss and smoothness and restores the paintwork to its original appearance. The Protect & Dry acrylic preserver is suitable for both hot and cold preservation.

Application / Dosage

Dosage in the washing system only
approx. 10 – 20 ml.

Dosing in the self-service system
approx. 15 – 20 ml per minute.

Max. Exposure time

According to VDA-guideline: max. 5 minutes.

Do not allow the product to dry!

Available container types

Bag-in-Box, 20 l
Art-Nr.: 655942

EasyPack, 4 x 5 l
Art-Nr.: 655920

Can, 25 l
Art-Nr.: 655912

Product properties

- long-lasting effect
- only approx. 10-20 ml consumption per vehicle
- with repair effect
- excellent drying performance
- hot preservation possible up to 60 °C
- suitable for convertibles
- smells of beeswax

Technical data

- pH value: 4,1
- Density: 0,99
- Colour: light yellow, clear
- Scent: beeswax
- Frost resistance: + 4 °C
