

High-end preservative with lavender fragrance from the ALPHA car wash chemistry series

Discover the A501 ALPHA gloss preservative from Dr. Stöcker – the secret to long-lasting vehicle shine and protection. Thanks to its specially developed ALPHA polymers, this preservative acts as a power booster for the foam polish to achieve an even more intensive shine. Even without the polish treatment, A501 provides remarkable shine and reliable protection on the vehicle paintwork. Experience brilliance and protection in one product with the A501 Gloss Preservative ALPHA.

Application / Dosage

Dose undiluted via the dosing pump, then finally rinse off with water. For best results. Consumption approx. 10 to 15 ml concentrate per vehicle. There should be a rinse sheet in the system.

Dosing in the self-service system approx. 15 – 20 ml per minute.

Available container types

Can, 25 l
Art-Nr.: 665412

Bag-in-Box, 20 l
Art-Nr.: 665442

EasyPack, 4 x 5 l
Art-Nr.: 665420
