

pH-neutral shampoo for process water optimisation

The powerful shampoo concentrate has a high dirt carrying capacity and allows the loosened dirt to drain better into the sludge trap. It also keeps the brushes cleaner and reduces their wear.

NEW: Now also with AQUALIFE Effect:

Products with the integrated AQUALIFE technology act as concentrated feed for the microbiology in the biological service water cycle. This reduces turbidity and the water remains clear. In addition, the iron content and the chemical oxygen demand are reduced.

The result: You can use your service water for much longer and save precious fresh water. In addition bad odours disappear.

Application / Dosage

As a brush shampoo only approx. 8 – 12 ml

Available container types

EasyPack, 4 x 5 l
Art-Nr.: 410720

Can, 25 l
Art-Nr.: 410712

Product properties

- pH-neutral
- only approx. 8-12 ml used per vehicle
- high dirt carrying capacity
- optimal dirt drainage into the sludge trap
- keeps brushes clean and reduces their wear
- certified with the Nordic Swan Ecolabel
- particularly gentle on service water
- Ideal for biological water treatment systems

Technical data

- pH value: 8,5
- Density: 1,02
- Colour: yellow, clear
- Scent: arteigen
- Frost resistance: + 4 °C
