

SP701 – Stainless Steel Cleaner and Descaler

Web: <https://www.dr-stoecker.de/en/products/facility-cleaners/stainless-steel-cleaner-and-decalcifier-sp701/>

Mildly acidic stainless steel cleaner and descaler for wash halls and aggregates

Hall cleaner basing on organic acids. It is particularly suitable for the cleaning of glass and removing of limescale in the hall. The product can also be used as a cleaner for pipework and hoses. At a mixing ratio of 1:4, it can be left in pipes overnight and only needs to be rinsed out in the morning.

Application / Dosage

Premix the product undiluted to a maximum of 1:4 (chemical:water), work it into the surface to be cleaned with a brush and rinse off with plenty of water after approx. 5 minutes.

Max. Exposure time

Do not allow the product to dry!

Available container types

Can, 25 l
Art-Nr.: 521012
