

Cleans, cares for and refreshes all plastic parts of the vehicle interior without leaving streaks

The bestseller in your car wash or at the self-service wash station in the vending machine. With the practical wet glove in a double pack from Dr. Stöcker, your customers can clean all plastic parts in the car in no time at all after washing the vehicle. Unlike a cloth or rag, you can get into every nook and cranny with the glove. Simply put on the glove, rub in the plastic surfaces and leave to dry without polishing. Cockpit cleaning couldn't be easier or quicker.

Application / Dosage

Pull the wet glove over your hand.
Wipe the surfaces to be cleaned and cared for with the glove.

If necessary, turn the glove over to use both sides.

Dispose of after use, do not reuse.

Available container types

1 box of 30 pieces
Art-Nr.: 681400

Product properties

- vegan certified
- simply pull over your hand and wipe away, without additional cleaning or care products
- thoroughly removes dust, dirt and fingerprints
- forms an antistatic and dirt-repellent layer that protects against UV rays and delays the ageing of materials
- suitable for plastic, leather, vinyl and rubber
- leaves a silky matt surface without annoying reflections
- gives the vehicle interior a fresh, pleasant fragrance
