

**Strong acid concentrate based on phosphoric acid**

FOSGALON TI S 20 is a material-friendly cleaner based on phosphoric acid. It removes mineral soiling as well as discolouration and protein residues.

Application / Dosage

Use with spray heads. Application concentration depending on soiling: 1-3%. In case of heavy soiling, it is recommended to steam the surface to be treated for approx. 10 min. Finally rinse off with water. Undiluted or pre-diluted with water 1:10 – depending on soiling. Finally rinse off with water.

Max. Exposure time

Do not allow the product to dry!

Available container types

Fass, 210 l
Art-Nr.: 667128

Can, 25 l
Art-Nr.: 667112

IBC, 1000 l
Art-Nr.: 667129

Product properties

- material-friendly
- low-foaming
- biodegradable
- without dyes and perfumes

**Technical data**

- pH value: 0,3
- Density: ca. 1,25 g/ml
- Colour: light, clear
- Scent: pungent
- Frost resistance: bis zu +4 °C
