FO913 – FOSGALON TC Multi

Web: https://www.dr-stoecker.de/en/products/truck-wash-chemicals/truck-wash/fosgalon-tc-multi-fo913/

Alkaline pre-cleaner especially for truck wash systems for removing insect residues and cleaning paint surfaces and wheel rims.

It is a fast and thorough cleaner and removes not only coarse dirt but also problematic soiling such as static dirt films, grit residues, tree resin, bird droppings and dried insect remains. Particularly well suited in winter against salt incrustations. This makes it ideal for pre-spray arches or lances and high-pressure equipment. The addition of water softener protects the equipment from lime deposits. Double concentrate, extremely economical.

Application / Dosage

Consumption approx. 20 to 50 ml concentrate. In the pre-spray arc 0.5 to 1 %.
In the pre-spray lance for insect removal 2 to 3 %, for problem soiling such as tree resin or bird droppings 3 to 5 %. As rim cleaner dilute 1:3 to 1:6 (chemical:water) with water. Spray on rims, allow cleaner to act briefly and rinse off with water.

Available container types

Fass, 210 l
Art-Nr.: 541128-

IBC, 1000 l
Art-Nr.: 541129-

Bag-in-Box, 20 l
Art-Nr.: 541142

Can, 25 l
Art-Nr.: 541112

Product properties

- fast and thorough
- also for problematic contamination
- ideal for pre-sprinkling bends, lances and high-pressure equipment
- with water softener

Technical data

- pH value: 13,5
- Density: 1,16
- Colour: clear to light yellow
- Scent: characteristic
- Frost resistance: + 4 °C
