

Highly effective, acidic special cleaner for cleaning aluminium surfaces such as rims, fuel tanks, etc.

Effectively removes organic as well as inorganic soiling. Weathered surfaces are regenerated and get a new shine. Do not use on glass. Not to be used in systems with biological water treatment.

Application / Dosage

Consumption approx. 20 ml concentrate per vehicle. Pre-dilute 1:5 to 1:8 (chemicals:water)

depending on soiling. Spray on rims, fuel tanks, etc., allow the cleaner to take effect briefly and rinse off with water.

Max. Exposure time

Do not allow the product to dry!

Available container types

Can, 25 l
Art-Nr.: 601112

Fass, 210 l
Art-Nr.: 601128

Product properties

- without colorants and fragrances
- do not use on glass
- not suitable for systems with biological water treatment

Technical data

- pH value: 0
- Density: ca. 1,27 g/ml
- Colour: clear
- Scent: characteristic
- Frost resistance: bis zu +4 °C
