

Highly effective, acidic special product for cleaning halls and for cleaning aluminium surfaces such as rims, fuel tanks, etc.

Extra effective acid cleaner with softening agent for professionals. This strongly acidic special product quickly and easily removes dirt from tiles and floors. For cleaning, rust removal and decalcification of acid-stable surfaces. Fosgalon TC S FO902 quickly removes rust, metal dust, green salts, iron sulphates, scale deposits, etc. Caution: Do not use on glass! Contains hydrofluoric acid.

Application / Dosage

Use 20 ml of concentrate per vehicle. For hall cleaning or wheel rim cleaning, pre-mix 1:5 to 1:10 (chemical:water), work into the surface to be cleaned with a brush and finally rinse off with water after approx. 5 min. If possible, test the selected pre-dilution for material compatibility in an invisible place.

Max. Exposure time

ca. 2 minutes. Do not allow the product to dry!

Available container types

Can, 25 l
Art-Nr.: 664512
