

Cleaning concentrate for the windshield washer system in summer – ensures a clear view in seconds. With citrus scent

The proven WINDSCREEN CLEANER SUMMER CONCENTRATE from Dr. Stöcker is the ideal cleaning agent for the windshield washer system in summer.

Dr. Stöcker Windscreen Cleaner Summer Concentrate is specially formulated for effective cleaning of car windows in summer. It has been developed to thoroughly remove stubborn dirt such as insect residues, bird droppings and road grime and to ensure a clear view. The concentrate is designed for use in the windshield washer system and ensures reliable cleaning results even at high temperatures.

As a **free giveaway product**, the product is particularly popular with car wash operators to promote car wash campaigns. For example, if a car wash customer opts for a higher-quality premium wash program, they receive a 1-litre bottle free of charge. This makes it easier to sell higher-quality wash and additional programs and increase sales.

Ask your Dr. Stöcker sales representative – they will be happy to advise and support you with your washing campaigns, e.g. with suitable advertising posters.

Available container types

6 x 1 litre in a box
Art-Nr.: 683311-6
