

Cleaning concentrate for the windshield washer system with a fresh glacier scent. Ensures a clear view in winter in a matter of seconds

The tried and tested anti-freeze **concentrate** from Dr. Stöcker is the ideal cleaning agent for the windscreen washer system in the cold season. The Dr. Stöcker windscreen cleaner with glacier fragrance not only offers an effective cleaning solution for a clear view, but also gives your vehicle a refreshing fragrance reminiscent of ice candy.

Application / Dosage

Empty the windscreen washer system and fill with Dr. Stöcker Windscreen Cleaner Winter

Concentrate and fill up with the appropriate mixing ratio (chemicals:water):

Antifreeze down to -30°C = 2:1

Antifreeze down to -17°C = 1:1

Antifreeze down to -9°C = 1:2.

Available container types

6 x 1 litre in a box
