MADE IN GERMANY

Dr. Stöcker Cold Storage Cleaner is a highly effective special cleaner for floors, walls, and surfaces in refrigerated and deep-freeze areas, as well as for freezers and deep-freeze chests. It can be used at temperatures as low as -30°C without freezing or causing cleaning cloths to freeze. It is not necessary to defrost the cold rooms or remove food from storage.

The cleaner reliably removes oily and greasy stains as well as label residues and is also suitable for heavily used surfaces. It is gentle on materials and suitable for all water and alcohol-resistant surfaces such as tiles, concrete, screed, aluminum, or stainless steel. The cleaned surfaces dry quickly and without leaving any residue.

AREAS OF APPLICATION:

- Refrigerated and deep-freeze rooms
- Deep-freeze and freezer storage
- Floors in refrigerated and deep-freeze areas
- Wall and ceiling surfaces in cold stores
- Deep-freeze chests and freezers
- Refrigerated counters and cold rooms
- Work and storage surfaces in refrigerated areas

ALL ADVANTAGES AT ONCE:

- Can be used at temperatures down to -30°C
- No defrosting necessary
- Powerful grease and dirt removal
- Gentle on materials and hygienic
- De-icing effect
- Fast, residue-free drying

DOSAGE & APPLICATION:

Check material compatibility before first use. Do not bring water or damp cleaning cloths into the freezer compartment.

WALLS & SURFACES:

Apply the product undiluted, let it work for approx. 5 minutes, if necessary, rework with a pad and wipe dry
Consumption: approx. 100–150 ml/m².

FLOORS:

Apply the product undiluted, let it work for approx. 10–15 minutes, scrub with a machine and remove completely or wipe dry.
Consumption: approx. 250–300 ml/m².
