MADE IN GERMANY

Dr. Stöcker Smoke Resin Remover is a highly alkaline special cleaner for professionals in commercial kitchen cleaning. It removes even the toughest stains such as smoke resin, oils, fats, smoke tar, and burnt-on food residues—safely, thoroughly, and efficiently.

AREAS OF APPLICATION:

- Exhaust air systems & extractor hoods
- Grills & ovens
- Stainless steel surfaces and other alkali-resistant surfaces
- Particularly suitable for foam application with pressure sprayers
- Do not use on aluminum

ADVANTAGES AT A GLANCE:

- Extremely powerful – effortlessly removes even encrusted residues
- Fast-acting – saves time and effort
- Versatile – ideal for commercial kitchens, canteens, and catering establishments
- Excellent foaming properties – optimal adhesion even on vertical surfaces
- Reliable cleaning – for hygienically clean results

DOSAGE & APPLICATION:

1. Mix smoke resin remover and water in a ratio of 1:4 (e.g., for 1 liter: 200 ml concentrate + 800 ml water)
2. Spray the application solution evenly
3. Let it work for 10–15 minutes (do not allow to dry)
4. Loosen dirt – work with a brush or scouring pad
5. Rinse thoroughly with clean water
