Dr. Stöcker
AUTHORITY IN CHEMISTRY

CAR WASH CHEMICALS

Effective: 01.10.2026

MADE IN GERMANY

Car wash chemicals by Dr.Stöcker

Quality, competence, experience

Whether it's a car wash, a gantry system, or a self-service car wash - the success of your car wash business depends on the satisfaction of your customers. In order to always achieve perfect results and radiant customers in machine car washing, high-quality and perfectly adjusted wash chemical products are essential.

Our decades of experience are reflected in each of our products and distinguish them from other products on the market in many often only small but fine aspects.

The ideally matched formulations not only ensure the best washing and drying results, but thanks to the high yield also ensure economical and material-friendly operation of your system.

Dr.Stöcker offers you the right wash chemistry for all requirements.

Environmental aspects at Dr.Stöcker

Reducing emissions – using resources responsibly

The ongoing prevention and reduction of greenhouse gas emissions has been an integral part of our corporate development for many years.

At our facility in Pfaffen-Schwabenheim, we use electricity from renewable energy sources from our own photovoltaic system as well as from externally sourced renewable energy.

As part of a transformation strategy, we have analyzed our greenhouse gas emissions and potential reduction measures. Based on this analysis, we are continuously refining our processes and implementing measures to reduce emissions.

In addition, together with DEUTIM, we will support the reforestation of climate-resilient mixed forests in various regions of Germany from 2023 to 2027, as well as other projects in accordance with internationally recognized standards.

Our approach: Avoid and reduce emissions, while also supporting specific reforestation and offset projects.

ALPHA SERIES

With ALPHA, Dr.Stöcker is launching the next evolutionary level of professional vehicle washing. The newly developed car wash chemical series with the innovative ALPHA technology does not only offer superior cleaning and care power as well as a uniform fragrance – ALPHA also conserves valuable water resources. With its perfectly matched products, ALPHA sets new standards for cleanliness, shine and sustainability.

PRIME TEC Effect

Products with the PRIMETEC effect produce a layered build-up of the care components.
This ensures a dense surface seal with a strong repair effect and a revolutionary deep gloss.
The smallest unevennesses are already evened out in the washing process, which reduces the cleaning effort for subsequent washes.

AQUA LIFE Effect

Products with the integrated AQUALIFE technology act as concentrated feed for the microbiology in the biological service water cycle. This reduces turbidity and the water remains clear. In addition, the iron content and the chemical oxygen demand are reduced.
The result:
you can use your service water for much longer and save precious fresh water. In addition bad odours disappear.

Lime and slime protection effect

In the case of washing water with a high lime content, slime and lime build-up in valve blocks and pipes can occur in conjunction with washing chemicals.
Products with the protective formula against calcification and slime build-up can prevent this effect.

Your system supplier:
Everything from one source

Carwash & Service

- Nationwide field service in Germany
- Service water analysis
- Regular service appointments
- Sales support
- International distribution network in Europe (Belgium, Netherlands, Luxembourg, Switzerland, France, Spain, Czech republic, Poland, Scandinavia, Hungary, Slovakia, Romania, Croatia, Italy, Austria and Bulgaria)

AdBlue®

- Certified **AdBlue®** producer
- 5 Liter standard bag
- 10 Liter canister
- 210 Liter barrel
- 1000 Liter IBC
- Also available as **private label**

Store items & giveaways

- Car care for inside and outside in professional quality
- Appealing packaging design and colors of liquids
- Popular summer and winter range
- Sales-promoting store displays
- Giveaway articles for promotion events

Nordic Swan Ecolabel
5013 0122

The Nordic Swan Ecolabel is one of the strictest environmental certifications in the world and is based on a holistic approach. This means that all relevant environmental parameters are considered throughout the entire product life cycle; from raw materials, production and use to re-use, recycling and disposal. In this way, the Nordic Swan Ecolabel promotes a circular economy, the efficient use of resources and biodiversity – and works to ensure a reduced climate impact and to prohibit the use of harmful chemicals.

WHEEL RIM CLEANERS

FT100

Active Wheel Rim Cleaner forte – Alkaline special cleaner for the removal of persistent dirt

- **pH value: 13**
- consumption per vehicle: approx. 20 ml
- with pleasant scent
- for stubborn dirt and road salt
- with corrosion protection for wheel and rim bolts
- not for anodised or foiled rims
- acid-free

Canister, 25 L / 28,75 kg
Item No.: 540012

Bag-in-Box, 20 L / 23 kg
Item No.: 540042

Other container types on request.

MORE INFO

FT101

Intensive Wheel Rim Cleaner forte – Acidic wheel rim cleaner with a three-acid combination for persistent dirt on wheel rims

- **pH value: 0,2**
- consumption per vehicle: approx. 20 ml
- pleasant characteristic scent
- remains liquid & chemically effective on rims for a longer time
- with corrosion protection
- without ammonium biflouride, hydrofluoric acid or hexafluorosilicic acid

Canister, 25 L / 31,25 kg
Item No.: 652212

Other container types on request.

MORE INFO

P100

Active Wheel Rim Cleaner Plus – Mild-alkaline rim cleaner for gentle cleaning of the material

- **pH value: 10,5**
- consumption per vehicle: approx. 20 ml
- pleasant characteristic scent
- thoroughly removes dirt
- with corrosion protection for wheel and rim bolts

EasyPack, 4 x 5 L / 25 kg
Item No.: 653020

Other container types on request.

MORE INFO

PRE-WASH AGENTS

A200

Active Pre-Cleaner ALPHA – Strong alkaline pre-cleaner with excellent foam formation and a pleasant lavender fragrance from the high-end ALPHA car wash chemistry series

ALPHA SERIES

>> see page 2

- **pH value: 13,5**
- application concentration as a pre-cleaner: 2-5 %
- pleasant lavender fragrance
- excellent foam development
- effective removal of typical summer and winter soiling
- optimal basis for a perfect wash result

Canister, 25 L / 29,25 kg
Item No.: 662112

Bag-in-Box, 20 L / 23,4 kg
Item No.: 662142

Other container types on request.

MORE INFO

A201

Active Pre-Cleaner ALPHA Less Foam – Strong alkaline, low-foaming pre-cleaner from the high-end ALPHA wash chemistry series.

ALPHA SERIES

>> see page 2

- **pH value: 13,5**
- application concentration as a pre-cleaner: 2-5 %
- effective removal of typical summer and winter soiling
- optimal basis for a perfect wash result

MORE INFO

Canister, 25 L / 29,25 kg
Item No.: 68100039012

Other container types on request.

EP200

Active Pre-Cleaner ECOPRO – strong alkaline pre-cleaner for process water optimisation

NORDIC SWAN ECOLABEL 5013 0122

with AQUALIFE Effect

>> see page 2

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3-6 %
- for problematic dirt
- fast, powerful and thorough
- ideal for pre-spray lances and high-pressure equipment

MORE INFO

Canister, 25 L / 28,5 kg
Item No.: 340212

Other container types on request.

FT202

Pre-Cleaner forte – Strong-alkaline pre-cleaner tor ultra-fast premium pre-cleaning

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3-6 %
- fresh citrus scent
- extremely good cleaning – even on rims
- short contact time

MORE INFO

Canister, 25 L / 28 kg
Item No.: 666212

Other container types on request.

FT200

Active Pre-Wash Agent forte – Strong-alkaline, fast and extremely thorough cleaner for pre-cleaning

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3-6 %
- pleasant orange scent
- for problematic stains like statically adhering dirt layers, grit residues, bird droppings and insect residues
- ideal for pre-sprayers and high-pressure cleaners
- material-friendly because of water softener

MORE INFO

Canister, 25 L / 27,5 kg
Item No.: 656212

Bag-in-Box, 20 L / 22 kg
Item No.: 656242

Other container types on request.

EV200

Pre-Wash EVENTUM – Strong-alkaline and extremely dense special foam in the area „Wall of Foam“ / Lava Wall and foam cannons

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3-6 %
- pleasant fresh scent
- for foam walls („Wall of Foam“ / Lava Wall) & foam cannons
- highly efficient pre-cleaning
- extraordinary foam experience
- service-water-friendly

MORE INFO

Canister, 25 L / 27,55 kg
Item No.: 525012

Other container types on request.

P201

Active Pre-Spray-Cleaner Plus – Mild-alkaline pre-cleaner for pre-sprayers, which is proven not to cause paint damage

- **pH value: 10**
- application concentration as a pre-cleaner: 5-10 %
- better concentration for usage
- stylish fresh scent
- perfect for alternative washing materials
- with water softener, dispersing agent & limescale protection

EasyPack, 4 x 5 L / 21 kg
Item No.: 657120

Other container types on request.

MORE INFO

SP204

LEMON CRUSH – Strong-alkaline intensive pre-cleaner against statically adhering dirt and insect residues

- **pH value: 13,5**
- application concentration as a pre-cleaner: 2-5 %
- with fresh lime scent
- particularly intensive and powerful
- ideal for insect removal
- dissolves stubborn and static adhering dirt in a flash
- also suitable as a rim cleaner

Canister, 25 L / 29 kg
Item No.: 667412

Other container types on request.

MORE INFO

SP203

Pre-Cleaner Red Berry Pro – Strong-alkaline, very fast-acting and pleasantly scented pre-cleaner that prevents limescale and slime build-up in pipes

Lime and slime protection effect

>> see page 2

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3,5-7 %
- fast acting and gentle to material
- as well for problematic dirt
- ideal for soaking with bows, lances & high pressure equipment
- with water softener
- excellent foam formation and pleasant scent

Canister, 25 L / 27,75 kg
Item No.: 666112

Bag-in-Box, 20 L / 22 kg
Item No.: 666942

Other container types on request.

MORE INFO

SP201

Cleaning Powder Extra – Alkaline powder concentrate with pleasant stawberry scent for pre-cleaning

- **pH value: 10,5**
- especially for high pressure equipment and self-service units with screw conveyor
- intensive dissolving power
- pleasant strawberry scent
- also for problematic soiling and insects

Sack, 20 kg
Item No.: 680310

Other container types on request.

MORE INFO

SP206

Cleaner VPS – Strong-alkaline, especially powerful professional concentrate with fruity scent for pre-cleaning

- **pH value: 13,5**
- application concentration as a pre-cleaner: 3,5-7 %
- pleasant fruity scent
- fast and thorough professional cleaner
- for problematic dirt
- ideal for pre-spray arches o. lances & high-pressure equipment
- with water softener against lime deposits

Canister, 25 L / 27,5 kg
Item No.: 652912

Other container types on request.

MORE INFO

B200

Performance Cleaner – Mild-alkaline precleaner for price-sensitive applications

- **pH value: 11,3**
- application concentration as a pre-cleaner: 5-10 %
- pleasant characteristic scent
- ideal for high-pressure equipment and self-service systems
- inexpensive entry-level product
- for normally soiled vehicles
- with water softener

Canister, 25 L / 26,7 kg
Item No.: 530012

Other container types on request.

MORE INFO

FOAM CLEANERS

A300

Scent Foam ALPHA – pH-neutral lavender foam cleaner with optimally adjustable foam pattern from the high-end ALPHA car washing chemistry series

>> see page 2

- **pH value: 7**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- pleasant lavender fragance
- optimally adjustable foam pattern
- continues the work of the pre-cleaner
- prepares the vehicle surface for an exceptional wash result

EasyPack, 4 x 5 L / 20,7 kg
Item No.: 663220

Canister, 25 L / 25,88 kg
Item No.: 663212

Bag-in-Box, 20 L / 20,7 kg
Item No.: 663242

Other container types on request.

MORE INFO

PP300

Scent Foam PowerPlus "Naranja" – pH-neutral foam concentrate with particularly intensive orange scent

>> see page 2

- **pH value: 7**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- intensive orange scent
- strong foam development with very stable foam bubbles
- better washing results due to longer contact time
- also suitable for foam walls and foam lances

EasyPack, 4 x 5 L / 20,6 kg
Item No.: 651720

Canister, 25 L / 25,75 kg
Item No.: 651712

Other container types on request.

MORE INFO

PP302

Scent Foam PowerPlus "fresh & fruity" – pH-neutral foam concentrate with a particularly intense fresh scent of tangerine iced tea

>> see page 2

- **pH value: 7**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- intense scent of tangerine iced tea
- strong foam development with very stable foam bubbles
- better washing results due to longer contact time
- also suitable for foam walls and foam lances

EasyPack, 4 x 5 L / 20,6 kg
Item No.: 651520

Canister, 25 L / 25,75 kg
Item No.: 651512

Bag-in-Box, 20 L / 20,6 kg
Item No.: 651542

Other container types on request.

MORE INFO

PP306

Scent Foam PowerPlus "Fruit Explosion" – pH-neutral foam concentrate, the fruit explosion for your carwash

>> see page 2

- **pH value: 7**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- intensive fruity scent
- strong foam development with very stable foam bubbles
- better washing results due to longer contact time
- also suitable for foam walls and foam lances

EasyPack, 4 x 5 L / 20,6 kg
Item No.: 652520

Canister, 25 L / 25,75 kg
Item No.: 652512

Other container types on request.

MORE INFO

EP300

Super Foam ECOPRO – pH-neutral and fruity-scented foam cleaner for process water optimisation

>> see page 2

- **pH value: 7**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- application concentration foam lance: 1-3 %
- fruity scent
- strong foam development with very stable foam bubbles
- better washing results due to longer contact time

EasyPack, 4 x 5 L / 20,6 kg
Item No.: 310420

Canister, 25 L / 25,75 kg
Item No.: 310412

Other container types on request.

MORE INFO

A301

Self-Service Foam ALPHA – pH-neutral self-service foam with lavender fragrance from the high-end ALPHA car wash chemistry series

>> see page 2

- **pH value: 6,5**
- consumption per vehicle:
  foam arch: approx. 5-12 ml, foam wall: approx. 10-25 ml
- application concentration foam lance: 1-3 %
- pleasant lavender fragance
- reliable protection for the vehicle paint
- especially for self-service areas
- also for foam arches, foam walls and foam lances

EasyPack, 4 x 5 L / 20,7 kg
Item No.: 310620

Canister, 25 L / 25,88 kg

Item No.: 656542

Other container types on request.

MORE INFO

FACILITY CLEANERS

SP701

Stainless Steel Cleaner and Decalcifier – Mildly acidic stainless steel cleaner and descaler for wash halls and aggregates

- **pH value: 0,5**
- against lime deposits
- environmentally conscious cleaning based on citric acid
- also suitable as cleaner for pipes and hoses
- particularly gentle on materials - ideal for new or well-maintained systems

Canister, 25 L / 30,5 kg
Item No.: 521012

Other container types on request.

MORE INFO

SP702

Hall and Machine Cleaner SF – Hydrochloric-acid-free special cleaner for the effective removal of limescale as well as greasy and oily dirt

- **pH value: 0,3**
- without hydrochloric acid
- with corrosion inhibitor
- effectively removes lime, grease and oily dirt
- meets requirements of leading machine manufacturers
- without ammonium biflouride, hydrofluoric acid or hexafluorosilicic acid

Canister, 25 L / 27,5 kg
Item No.: 652012

Other container types on request.

MORE INFO

SP703

Intensive Hall and Machine Cleaner – Acidic special cleaner for the effective removal of limescale deposits as well as greasy and oily dirt

- **pH value: 0,3**
- effectively removes lime, grease and oily dirt
- meets requirements of leading machine manufacturers
- without ammonium biflouride, hydrofluoric acid or hexafluorosilicic acid

Canister, 25 L / 31,25 kg
Item No.: 652112

Other container types on request.

MORE INFO

WATER TREATMENT

PP800

Flocculant PowerPlus – Particularly powerful special product for flotation or sedimentation of dirt particles

- **pH value: 3**
- consumption per vehicle: approx. 8-12 ml
- particularly powerful
- binds dirt particles in stable flakes
- for easy removal of impurities
- prevents odor formation in service water
- reduces the oxygen demand (COD value)
- protects against corrosion

Canister, 25 L / 30,5 kg
Item No.: 657612
Other container types on request.

MORE INFO

SP800

pH-Regulator Special – For adjusting the pH value in the service water

- **pH value: 13,5**
- regulates the pH value in the service water
- optimizes the flocculation and precipitation of dirt particles

Canister, 25 L / 31,85 kg
Item No.: 658412
Other container types on request.

MORE INFO

SP801

Aqua Fresh – Fully degradable additive for service water maintenance

- **pH value: 3**
- consumption per vehicle: approx. 10-20 ml
- completely degradable
- odorless
- prevents odor formation in process water
- helps quickly and reliably with already bad smelling service water by shock dosing
- not for biological treatment plants

Canister, 25 L / 27,75 kg
Item No.: 680712
Other container types on request.

MORE INFO

SP802

Precipitant polymer-free – Special product for sedimentation of dirt particles, especially for plants with gravel filter

- **pH value: 2,5**
- consumption per vehicle: approx. 10-25 ml
- polymer-free
- allows dirt particles to sink into the service water
- for easy removal of impurities
- for plants with gravel filter

Canister, 25 L / 30,1 kg
Item No.: 657212
Other container types on request.

MORE INFO

SP803

Flocculant – Special product for flotation or sedimentation of dirt particles

- **pH value: 2,6**
- consumption per vehicle: approx. 10-25 ml
- binds dirt particles in large flakes
- for easy removal of impurities
- for plants with filtration and flotation

Canister, 25 L / 31,25 kg
Item No.: 657312

Other container types on request.

MORE INFO

SP804

Hydrodor BioAktiv – Microbiological additive to the service water

- **pH value: 6,5**
- ideal for service water treatment
- prevents odor formation
- breaks down biofilms in pipes, basins and filter systems
- facilitates the removal of contamination
- suitable for biological water treatment plants

Canister, 25 L / 25 kg
Item No.: 68100069012

Other container types on request.

MORE INFO

WORKSHOP, PLANT & VEHICLE CLEANERS

KaChem clean Bodenreiniger

Mildly alkaline special product for workshop and industrial cleaning

- **pH value: 9,5**
- reliably removes dirt, oil and gumming from a wide variety of surfaces
- high degreasing performance
- also suitable for cleaning engines and parts
- high material compatibility

Canister, 20 kg
Item No.: 7762220

IBC, 1.085 kg
Item No.: 7762229

Other container types on request.

MORE INFO

KaChem clean Interior

Special product for cleaning plastic and textile surfaces in the vehicle interior – with a fresh fragrance

- **pH value: 10**
- suitable for plastic, textile, leather and synthetic surfaces
- removes even stubborn stains
- safe to use on water-resistant materials
- liquid consistency for quick and efficient cleaning
- suitable for Tornador pistols

Canister, 20 kg
Item No.: 601620

Other container types on request.

MORE INFO

KaChem clean Shampoo blau

Shampoo for the exterior washing of painted and metallic surfaces of cars and trucks

- **pH value: 9**
- ensures effective and thorough cleaning
- suitable for painted and metallic surfaces
- protects sensitive surfaces and leaves a neat shine
- supports the self-cleaning of the washing brushes, which extends the maintenance intervals

Canister, 20 kg
Item No.: 7712020

MORE INFO

KaChem clean Außenreiniger SUPRA

Cleaner for cleaning trucks, cars and buses as well as dirty construction and agricultural vehicles

- **pH value: 13**
- removes even the heaviest soiling quickly and thoroughly
- Contains water softeners that prevent limescale deposits in appliances and extend their service life

Barrel, 220 kg
Item No.: 7761828

Other container types on request.

MORE INFO

KaChem clean Motorreiniger

Special product for cleaning heavily greased and sooted surfaces – with a fresh fragrance

- **pH value: 9,5**
- reliably removes grease, oil and other stubborn dirt
- can be applied with various tools, depending on cleaning requirements
- optimized for easy cleaning with high-pressure equipment
- dissolves contaminants in the shortest possible time
- with rust protection components

Canister, 20 kg
Item No.: 7761920

Other container types on request.

MORE INFO

KaChem clean Außenreiniger F

Cleaner for the exterior wash (main wash) of vehicles

- **pH value: 13**
- lightly foaming for even distribution and effective cleaning
- effortlessly removes dirt, road residue and other soiling
- suitable for tarpaulins, box and container bodies and other exterior surfaces
- special shine & care thanks to special ingredients
- very efficient and economical to use

Canister, 20 kg
Item No.: 7762020

Other container types on request.

MORE INFO

KaChem clean VeriPlus

Cleaner for vehicles, machines and engines as well as for workshop and factory cleaning

- **pH value: 9,5**
- removes even heavy soiling effortlessly
- suitable for different materials and surfaces
- specially developed for areas contaminated with oil and grease
- easy handling for professional cleaning applications

Canister, 20 kg
Item No.: 7762320

Other container types on request.

MORE INFO

KaChem clean Lavorix 10 *Acidic, highly effective rim cleaner*

for removing brake dust, flash rust and other mineral soiling from painted aluminum and metal rims

- **pH value: 0,25**
- reliably removes inorganic dirt, including brake pad abrasion and road grime
- gets deep into the dirt and infiltrates it
- ideal for cleaning vehicles, machinery, workshops and other areas contaminated with inorganic dirt

Canister, 20 kg
Item No.: 7765020

Other container types on request.

MORE INFO

Glasreiniger *Highly effective professional glass cleaner for efficient and thorough cleaning*

of all types of glass surfaces – with a fresh fragrance

- **pH value: 10,5**
- effortlessly removes dirt and ensures a clear view without residue
- perfectly suitable for vehicle glass, shop windows and glass surfaces indoors and outdoors
- quickly ensures clean and well-maintained glass surfaces with minimum effort
- ildeal for petrol station shops, car washes and daily use in a wide variety of areas

Canister, 10 L
Item No.: 410110

Other container types on request.

MORE INFO

LENSEX Softreiniger 15 *Solvent-free, odorless, highly effective shampoo*

for gentle, intensive cleaning of glass, metal, ceramic, plastic and painted surfaces

- **pH value: 8**
- dissolves grease soiling reliably and quickly
- maintains washing power even in hard water
- suitable for numerous applications in industry, agriculture, building cleaning and more
- safe for metals, plastics, rubber, glass, ceramics and painted surfaces when used properly in the prescribed concentrations

Canister, 10 L
Item No.: 07561

Other container types on request.

MORE INFO

SEPTAPROTECT Hand- & Flächendesinfektion *Effective against all enveloped viruses such as influenza, vaccinia,*

rota- and noroviruses (MNV), COVID-19, HBV, HIV, HCV (limited virucidal according to RKI/DVV guideline). Bactericidal effect according to DIN EN 1500

- **pH value:** approx. **5,5**
- colorless, clear
- with 80% ethanol
- Caution: Use biocidal products with care. Always read the label and product information before use.

Canister, 10 L
Item No.: 38902010

Other container types on request.

MORE INFO

Smoke Resin Remover

Powerful, fast, reliable – highly alkaline special cleaner for professionals in commercial kitchen cleaning

- **pH value: 14**
- extremely powerful and fast-acting
- versatile – ideal for commercial kitchens, cafeterias, and restaurants
- foams very well – adheres perfectly even to vertical surfaces
- Warning: Do not use on aluminum!

Canister, 10 L
Item No.: 68100068010

Other container types on request.

MORE INFO

Cold Storage Cleaner

Highly effective special cleaner for deep-freeze rooms, freezers and chest freezers

- **pH value: 8**
- effective down to –30 °C
- no defrosting required
- powerful grease and dirt-removing properties
- gentle on materials and hygienic
- de-icing effect
- quick, residue-free drying

Canister, 10 L
Item No.: 68100085010

Other container types on request.

ACCESSORIES

BAG-IN-BOX SYSTEM

Bag-in-Box complete wall mounting system
Stainless steel wall box, dosing system incl. reserve container, EasyClick connection and EasyClick coupling plug – without level sensor (Item No. 200129, see below) ..... Item No.: 200125

Bag-in-Box replacement EasyClick self-sealing connection
Swivel adapter with thread for connection to Bag-in-Box foil bags incl. coupling socket as counterpart for coupling plug ..... Item No.: 200126

Bag-in-Box replacement EasyClick self-sealing coupling plug
Coupling plug incl. straight screw connection for hose 10 x 8 ..... Item No.: 200127

Bag-in-Box replacement reserve container
Transparent plastic reserve container with measuring scale for gauging ..... Item No.: 200128

Bag-in-Box level sensor for reserve container
Float switch/electrical pulse generator for external signaling system e.g. warning lamp or checkout system ..... Item No.: 200129

Bag-in-Box pouring tap
Pouring tap with screw thread for connection to Bag-in-Box foil bags for easier manual pouring ..... Item No.: Z1004020

FOR VEHICLES

Windshield wiper covers
Cover made of 100 % PIR (recycled material) to protect the rear window wiper, 85 x 600 mm, transparent, with hole for hanging up ..... **qty/pack. unit: 2.500** Item No.: 682013

Suction strap
Suction cups for fixing rear window wipers, roof antenna or fuel filler cap, dark blue, soft, long version, bar length 105 x 13 mm ..... **qty/pack. unit: 50** Item No.: 684500

FOR CAR WASH CHEMICALS

Outlet tap SK 51
Plastic drain tap for easy and safe draining of liquids, 51 mm diameter for 5 L or 10 L canisters ..... Item No.: 579501

Outlet tap SK 61
Plastic drain tap for easy and safe draining of liquids, 56 mm diameter for 20 L, 25 L, 30 L and 60 L canisters ..... Item No.: 579502

Can opener/barrel opener
for screw caps on canisters and barrels ..... Item No.: G1239000

Barrel pump for 210 L barrels
Hand pump for chemicals incl. hose set 1.2 m,
delivery rate 0.25 l/stroke, suction pipe length 840 mm, barrel thread G 2” ..... Item No.: 19002

Dr.Stöcker Dosing container 60 L
Cylindrical container for washing chemicals with screw cap, liter scale and threaded sleeve
incl. stopper for emptying. Capacity: 60 L, ext. dimensions: 420 mm, height: 640 mm, opening Ø: DN 160 ..... Item No.: 681860

Measuring cup, 2 L
Plastic measuring cup with handle for easy measuring and
clean pouring of laundry detergent and other liquids ..... Item No.: W100021

Microfiber cloth roll
tear-off, 75 sheets/roll, washable
Quantity per packaging unit: 3 rolls ..... Item No.: 683523

Regeneration salt
Evaporated salt tablets for water softening
Quantity per packaging unit: Sack, 25 kg ..... Item No.: 690100

Vegan certified vehicle care products without compromise

Most of the shop articles, giveaways and windscreen washer products from Dr.Stöcker have received the coveted certification from Vriendly.org. The labeling and the product-specific ID number are located on the labels.

Without animal ingredients: The vegan products do not contain any animal ingredients.
This award demonstrates the company's unreserved commitment to an animal-friendly lifestyle.

No animal testing: Dr.Stöcker sends out a clear signal against animal testing. None of the products have been tested on animals, which emphasises our commitment to ethical production and safety.

Performance without compromise: The vehicle care products for interior and exterior stand for maximum performance without compromise. No compromises have been made in terms of cleaning, functionality and care performance.
Our vegan products offer you the professional quality you expect from Dr.Stöcker, coupled with the certainty that you are making an ethically sound choice.
